

2nd Annual Mar Vista Green Garden Showcase Open To Public This Sunday!

The Westside community of Mar Vista is pleased to invite Angelenos to the 2nd annual Green Garden Showcase, a community-wide garden tour showcasing LA's best and most innovative water-wise gardens.

WHO: Mar Vista Community Council's Green Committee

WHAT: 2nd Annual Green Garden Showcase

WHEN: Sunday, April 25, 2010

WHERE: Mar Vista Community of Los Angeles

Interested parties should visit the [tour website](#) for a preview of the gardens and a map of the locations in order to plan individual tours.

Mar Vista residents have embraced water conservation as a way of life and become a model community for sustainable gardening best practices. The free self-guided walking and biking tour is a celebration of drought-resistant gardens that showcase the wide array of possibilities in residential water conservation landscaping. California native plants, green patio decks, vegetable gardens, lawns transformed into drought-resistant landscaping and rain barrels from the Rainwater Harvesting Program, are just a few of the wide variety of sustainable approaches available for viewing on the tour.

Members of the media are welcome- please see [news release](#).
